## NDIS planning with IOE

**The National Disability Insurance Scheme (NDIS) is being gradually rolled out across Australia. Our initial experience shows that the better prepared you are, the more positive the transition process will be.**

Interchange Outer East is offering a series of free planning sessions for families to assist in the preparation for the NDIS. The focus of these sessions will be to work together with other families to develop an understanding of how to plan and prepare for the NDIS in November 2017.
