High Functioning Autism Program

Introducing a new program for school aged children with high functioning autism who are registered with Interchange Outer East.

Interchange Outer East invites children with ASD aged between 9 and 13 who are attending mainstream school to be a part of our new High Functioning Autism Program.

The program will run activities where the children will work together in groups, promoting independence, friendships and fun.

Criteria:

Aged between 9 and 13 years

Attending mainstream school

Have a diagnosis of ASD

Can be supported in a group with one volunteer
